Dear Mr. Goldberg,

Thank you for serving on the faculty of the 2001 Law Academy. As you witnessed, we had an outstanding group of Law Scholars participating this year. They were very attentive and interested in the general and breakout sessions conducted by the faculty. Some comments included:

--I really liked the leaders of the large/whole group sessions.

--Awesome speakers!

--With the instruction and guidance provided at the Law Academy, I feel I will do much better in the Georgia Mock Trial Competition. Thank you!

--The general sessions helped tremendously in learning how to do a variety of parts in a case.

--The break-outs were wonderful opportunities to fine-tune work and interact with fellow students and hear their ideas.

--It was great fun!

We hope that your experience as a faculty member was an enjoyable. We are truly grateful for your participation and support of this program and we look forward to seeing you at the 2002 Law Academy. Thanks again for your service!

Sincerely,

Stacy Rieke
