by Pete Collman

The 2007 Ice Cream Social, sponsored by the Peach Corps, took place Sunday, September 16th in the Shepherd Center garden. It was a beautiful fall day for a barbecue and ice cream. A record number of patients and their families were in attendance for the food and fun. As patients and their family members ate their fill in the garden, Peach Corps children delivered food to the patients that could not leave their rooms. Face painting, games, and a visit by two dogs from the Canine Assistance Organization helped make for a great afternoon. Special thanks go out to Bruster's Ice Cream for their donation of 150 scoops and Buck Rogers and his friends for their time at the grill. Congratulations to the Peach Corps for arranging such a wonderful event for the patients.
